EXCELLENCE IN PELVIC PAIN AND
ENDOMETRIOSIS CARE AND TREATMENT

This project has received funding from
the European Union's Horizon 2020
research and innovation programme
under the Marie Skłodowska-Curie
grant agreement No 691058

An Invitation to a workshop on

Molecular Mechanisms of Endometriosis (MOMENDO)

When: 20th September

Where: Queen's Medical Research Institute
(Mary Kinross Room),
47 Little France Crescent, University of Edinburgh

Organizing Committee:

**Prof. Philippa Saunders, Prof. Andrew Horne,
Dr. Erin Greaves**

Topics include:

- Endometriosis aetiology
- The role of inflammation, iron and miRNAs
- Molecular mechanisms of pain
- Developing new therapies for endometriosis-associated pain

Speakers include:

Gabriela Meresman (CONICET / Argentina),
Reinaldo Gonzalez-Ramos (Universidad de Chile, Santiago / Chile),
Martin Götte (Universitätsklinikum Münster / Germany),
Kristina Gemzell-Danielson and Lalit Kumar (Karolinska Institute Stockholm /Sweden),
Sylvia Mechsner (Charité Berlin /Germany)

Participation in the workshop is free, but registration is required by the 30th August.

**To register please email: Agnieszka.Czechon@ed.ac.uk
(please state if you have any dietary requirements)**

**Each group attending the meeting is encouraged to present
at least one poster – please send abstract by 30th August**
